Canon A40 Camera with bonus 32MB memory card

The Powershot A40. Bonus Offer - take 353 extra shots with a free 32MB memory card. The image quality of the 2.0 megapixel A40 is nothing short of brilliant. Its 3 point Advanced Intelligent Auto Focus, combined with a genuine Canon 3x optical/7.5x digital zoom lens, ensures you get sharp, clear images every time. And if a still shot doesn't quite capture the moment, you can even record short movies with audio. What's more, the A40 can connect directly to a Canon printer for photo quality prints.
